ABA Therapist

Major Responsibilities

- Deliver 1:1 and small group ABA sessions for SEN children in a centre-based setting
- Assist with assessment and apply ABA principles in teaching strategies to implement a child's individualized intervention plan and behavioural support plan
- Monitor progress and adjust interventions based on data and observation
- Collaborate with multidisciplinary team to ensure holistic support to families
- Maintain accurate records and contribute to progress reports
- Meet with behavioral consultant and attend professional development workshops and trainings regularly

Requirements

- Bachelor's degree in Psychology, Education, or related field (Master's preferred)
- Certificate in ABA (e.g., RBT, IBT, or equivalent)
- Minimum 2 years' ABA experience working with SEN children, especially in early childhood settings
- Familiarity with sensory integration and play-based learning a plus
- Strong communication, observation, and documentation skills
- Patience, empathy, and a passion for helping children reach their potential
- Fluency in English and Chinese (oral and written)

Interested parties please send a full resume with current and expected salary to coppt@watchdog.org.hk on or before 30 November 2026.
