Dear Parents,

Warm greetings from Watchdog!

The government has announced officially yesterday the resumption of schools in different stages, with kindergartens resuming in May. In light of this, we plan to follow suit and will resume our face-to-face sessions for both individual training and group classes in May. We will keep parents updated and will advise on the exact date of our face-to-face resumption towards the end of April.

Our services will resume on 20th April, 2022. However from April 20th- 29th, all Watchdog training sessions will continue to be conducted through E-Learning(Zoom) / home programme / parent education.

As the current COVID-19 conditions remain unclear and unpredictable, we will keep a close eye on the ongoing situation of the Coronavirus Infection and keep you apprised of updates and any changes in the arrangements for our service provision.

We much appreciate your cooperation in this matter to ensure that you, your children and everyone at Watchdog stay well and healthy!

Should you have any questions, please do not hesitate to call
