Dear Parents,

Warm greetings from Watchdog!

Since the fifth wave of Covid-19 hit Hong Kong, we have seen the rapid and exponential growth in the number of COVID-19 cases. Lately, it is noted that the growth has slowed down and apparently is reaching a plateau. We hope to see a continual drop in cases. As you are aware, the government has recently announced various measures targeting to cease the transmission of the COVID-19 cases. Watchdog will be implementing measures similar to the government, with the aim of maximizing opportunities for our children's face to face training. Hence, we would like to ask you to take special note of the following changes and arrangements:

#### **Resumption of Face to Face Training Sessions**

In light of the EDB's announcement of resumption of schools for kindergartens on April 19<sup>th</sup>, 2022, all our training sessions, including both group sessions and individual training, will also resume being on face to face basis from the same date.

Nevertheless, as we all understand, uncertainties remain under the COVID-19 situation and the government policies that may be rolled out in the coming months cannot be predicted. Therefore, we will regularly review the situation and keep you updated of the arrangements regarding our service provision. In the meantime, let us all work together to combat infections by each playing our role to minimize social contacts to cease the transmission chain and its associated clusters.

Should you have any questions, please do not hesitate to call *Ms Mienne, Admin. Manager* or *Ms Jovy, our Senior Admin Assistant* at 25217364 (Hong Kong Centre)

Best regards,

Stella Wong  
Executive Director
