Objectives:

- Foster children's independence and problem-solving skills through table games
- Strengthen children's language and social skills via group activities and guided discussions
- Develop children's resilience and social communication through cooperative games and activities
- Encourage children's curiosity and exploration of the environment
- Promote teamwork, cooperation, and good sports through play, social stories and group challenges

Content:

At "Mini Mates Meetup," each child is valued and given a variety of learning materials to make responsible choices and fun exploration in the classroom. Our program fosters confident learners with interactive STEM experiments, maze and scavenger hunt challenges, and social stories with related activities. Children build social and communication skills through peer play, and are coached to manage 2 step group instructions and finish tasks on their own in I-Spy games and structured TEACCH workstations. We also include group table games for our children to strengthen collaboration, cooperation, and sportsmanship.

There will be Music Therapy and Speech Therapy groups included in this group.

Objectives:

- Assist children to develop independence in a class that is similar to a typical primary 1 classroom
- To strengthen children's self-care skills in class (eating snack and packing school bag)
- To strengthen children's social skills (learning how to spend their recess time with peers)

Content:

In this summer camp, children will enjoy activities similar to a P.1 classroom. They will enjoy games involving language practice. There will be sessions where children will attend academic classes such as reading and math that may require them to complete worksheets. There will also be a P.E session where children will be asked to participate in various sports activities with partners or teams. During recess time children will be shown how to spend their leisure time with peers. Children will have training on how to pack their school bags. We aim to help children to be well prepared before entering primary school, to have a smooth transition to prepare for a happy school life!

There will be Music Therapy and Speech Therapy groups included in this group.

Objectives:

- **Joint Attention:** To strengthen students' visual and auditory attention during group experiments, discussions, and building activities
- **Cooperation and Teamwork:** To encourage students to work together on shared projects, fostering collaboration, turn-taking, and social problem-solving
- **Emotional Connection to Nature:** To develop empathy, care, and a sense of responsibility toward the planet and all living things through hands-on exploration
- **Observational Learning:** To promote learning through observing peers' actions, techniques, and problem-solving strategies during science experiments and creative building
- **Integration and Reflection:** To combine all learned skills in a culminating project, encouraging children to reflect on their teamwork, discoveries, and role as Earth Helpers

Content:

This course is designed for children aged 4.5 to 6 years old, focusing on building scientific curiosity, cooperation, environmental awareness, and teamwork through engaging Earth and space activities. Each week includes a welcome song, hands-on science exploration, teamwork challenges, emotional connections to nature, and a final project combining all learned skills. Children will participate in activities like building a class rocket ship, creating sealed ecosystem bottles, planet painting, astronaut training obstacle courses, and learning about the water cycle through movement. The course culminates in a "Mission to Space" dramatic play where children launch their rocket and reflect on how to protect our beautiful Earth.

There will be Music Therapy and Speech Therapy groups included in this group.

Objectives:

- Extend children's working memory
- Support children's visual and auditory attention skills
- Improve children's visual discrimination and observation skills
- Promote children's task completion skills
- Develop children's ability to follow multi-step instructions and cooperate in group activities

Content:

"Attention Adventurers" teaches the core skills of effective attention and working memory: alertness (being ready to attend), selection (identifying and focusing on relevant information), and sustaining (maintaining focus long enough to finish a task). Children will practice visual and auditory attention through playful activities such as obstacle courses, creative art projects, individual and group games with materials adapted from Lego-Based Therapy. These activities will be paired with materials and visual supports like "Zones of Regulation", "Whole Body Listening", timers, sequenced pictorial cues, checklists, to help children extend their attention span, sharpen their visual discrimination, and reinforce them in following simple group instructions.

There will be Music Therapy and Speech Therapy groups included in this group.

- To increase attention and sitting tolerance during small-group cooking activities
- To enhance self-care and food-safety skills (e.g., hand-washing, cleaning up)
- To challenge children to try new tasks and build new cooking and fine-motor skills

Content:

In Little Chefs, children take part in hands-on culinary activities that promote creativity, teamwork, and sensory exploration. Sessions include simple recipes like fruit kabobs, mini pizzas, and no-bake snacks, plus taste tests and flavor exploration. Activities are designed to build confidence, social skills, and practical self-care while offering a fun, engaging cooking experience.

Objectives:

- **School Readiness:** To familiarize children with primary school routines, expectations, and environment
- **Independence and Confidence:** To build self-help skills and confidence in navigating new situations
- **Cooperation and Teamwork:** To practice working in groups, sharing materials, and taking turns—just like in primary school
- **Emotional Preparation:** To identify and express feelings about transitions (excitement, nervousness) and develop coping strategies
- **Observational Learning:** To learn from peers by watching how they handle new challenges and routines
- **Integration and Reflection:** To combine all skills in a final "First Day of School" role-play and reflect on feelings about the big step

Content:

This course is designed for children aged 4.5 to 6 years old who are preparing for the transition to primary school. It focuses on building confidence, independence, emotional readiness, and social skills through playful yet structured activities that mirror real school experiences. Each week includes a welcome song, routine practice, teamwork challenges, emotional check-ins, and hands-on "school" activities. Children will participate in activities like practicing class routines, packing their own school bags, eating lunch from lunchboxes, listening to stories like a "big kid," and solving friendship problems through role-play. The course culminates in a "First Day of Primary" dramatic play where children experience a simulated school day and reflect on their feelings about this exciting new chapter.

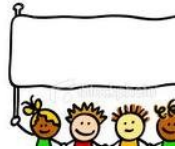

There will be Music Therapy and Speech Therapy groups included in this group.

- Practice previously acquired social skills and conflict resolution skills in different social scenarios
- Strengthen children's friendship-building and maintaining skills
- Boost children's awareness of social cues
- Build communication and collaboration among children
- Promote children's recognition and empathy for self and others' feelings

Content:

At "Friendship Finder", we will be reading through different social stories from the "We Thinkers!" series and pairing them with 1 to 2 follow up social scenarios and activities each day – to enhance social awareness and conflict resolution skills of children, so that they are exposed to various social situations and peer conflicts that they possibly encounter at times. Through participating in cooperative group games, exciting sport races and sharing of Social Stories, children will be introduced to social thinking, perspective taking, team work and sharing.

- To develop the executive functions of the brain, including working memory, cognitive flexibility, and inhibitory control, as essential life-long learning skills

Content:

The Six Bricks Games is an engaging series of activities designed for participants of all ages. Using colorful six-brick sets, these games promote creativity and imaginative play. Children will enhance their critical thinking, coordination, and problem-solving skills while collaborating in teams. The Six Bricks Games encourage teamwork and friendly competition, making them an enjoyable and memorable part of summer.

There will be Music Therapy and Speech Therapy groups included in this group.

Objectives:

- **Creativity and Imagination:** To encourage creative thinking through character creation, plot development, and storytelling
- **Language Development:** To build vocabulary, narrative skills, and expressive language through story creation
- **Cooperation and Teamwork:** To work together as a group to create one shared storybook and puppet show
- **Emotional Understanding:** To explore emotions through characters and practice identifying feelings in stories
- **Observational Learning:** To watch and learn from peers during group storytelling and puppet play
- **Integration and Reflection:** To combine all skills in a final puppet show performance and reflect on the story they created together

Content:

This course is designed for children aged 3 to 4.5 years old, focusing on building creativity, imagination, language skills, and cooperation through collaborative storybook creation. Each week includes a welcome song, story exploration, character building, hands-on craft, and group storytelling. Children will participate in activities like creating their own character puppets, designing a setting for the story, deciding what happens next in the plot, and acting out scenes with their puppets. The course culminates in a final puppet show performance of their original story, followed by a reflection circle to celebrate their creativity and teamwork.

There will be Music Therapy and Speech Therapy groups included in this group.
